

Sabine J.A. Stahl

Director of Operations

Executive Assistant

Marketing Support & Life Settlement Specialist

As our Director of Operations, Sabine directs and oversees the daily non-insurance operations of the company (Accounting, HR, Marketing, evaluating business procedures, etc.).

Sabine has nine years experience as an Executive Assistant. She helps Bill with his day to day office work, schedules his meetings and travels, and performs the usual roles of managing correspondence, preparing research, and communication while also acting as the "gatekeeper". The combination of her Economics Degree and the typical German "efficiency, hard work and drive to perfectionism" makes Sabine a great fit for her roles in this company. Besides being Bill's Executive Assistant she has many other responsibilities. Sabine is one half of our Life Insurance Audit team. She supports the Print Marketing effort, manages the website and is responsible for the Life Settlement process.

Sabine was born and raised a great distance from where she lives now (West Michigan), and has learned to live far away from her home and family while she still maintains the deeply felt feelings for her heritage. Sabine loves to travel and get to know different cultures and people.

She was a tomboy growing up and still is – She loves cars, motorcycles, boats, extreme sports. She is seriously addicted to technology, gadgets, cell phones, tablets and PDA's. She wants to learn to fly helicopters and planes one day!

Sabine most notably possesses a remarkable devotion and commitment to her family, friends and her beloved Chloe and Milo.
